A Commitment to Corporate Social Responsibility

William Blair's values incorporate founder William McCormick Blair’s vision of sound financial advice, community engagement, and citizenship. Our responsibilities and opportunities are multifaceted.

William Blair Investment Management’s Commitment to ESG Integration

We are proud to manage assets on behalf of institutions at the forefront of sustainable investing in North America, Europe, Australia, and Asia.

Environmental, social, and governance (ESG) factors are inextricably linked with our fundamental assessment of company management and the sustainability of competitive strengths. Financially material ESG issues are systematically integrated in our investment process alongside traditional financial factors, facilitating a more holistic assessment of risks and opportunities.

William Blair Investment Management was among the first U.S.-based asset manager signatories of the United Nations-supported Principles for Responsible Investment in 2011, and has formally adopted the Japanese, Korea, and U.K. Stewardship Codes—demonstrating our global commitment to responsible ownership practices.

As part of our ESG integration at William Blair globally, we take seriously our responsibility to monitor the effectiveness of company management and exert influence on governance practices, in part through the exercise of proxy voting rights.

Reflecting the increasing financial materiality of environmental and social factors, we have adopted proxy voting guidelines that are focused on financial returns and consistent with the objectives of sustainability-minded investors.
“When our clients succeed, the firm’s success will follow.”

William McCormick Blair

Governance
At William Blair, the independence that comes with being employee-owned, along with a strong balance sheet and diversified business model, allows us to put our clients first. Consistency of leadership is also a firm hallmark, with just six CEOs serving since our founding. These linchpins of our corporate structure are supported by robust policies and practices, from compliance training to business continuity guidelines.

Our Workplace
Within our walls, we believe that diversity of experiences, capabilities, and perspectives lead to innovation and success.

To facilitate diverse thoughts and backgrounds, we have implemented a targeted talent strategy designed to (1) increase the frequency, transparency, and relevance of conversations between employees and managers; (2) create clear firmwide guidelines for what is expected of our employees; (3) support ongoing learning and development opportunities; and (4) foster a culture in which all employees feel included in a community that embraces differences and values and respects each individual.

As part of these efforts, we have also created four business resource groups that promote diversity, raise awareness, support differences, and help deliver a more inclusive culture: the Women’s Alliance, the Veterans’ Alliance, Pride Alliance, and One Alliance. Each plays an important role in the attraction, retention, and development of talent.

Our Communities
In 2023, William Blair and its foundation supported more than 1,100 charitable organizations. Some of our current locations and signature community partners are: Baltimore (Bridges Baltimore); Chicago (Greenwood Project, IMentor, ShowerCare, YWCA); London (Envision, Ronald McDonald House Charities, Suited for Success); New York (Lenox Hill Neighborhood House, St. Mark Community Education Program); San Francisco (Cal NERDS); Singapore (Caring SG); Sydney (OzHarvest); and Zurich (Children’s Aid Foundation Shooting Star).

Our Sustainability
We strive to inhabit LEED-certified buildings whenever possible. LEED is a green-building certification program that recognizes best-in-class building practices and speaks to our belief in buildings that are healthy for the environment and their occupants. Our Chicago headquarters, completed in 2017, was pre-certified LEED Gold by the U. S. Green Building Council. A number of other buildings we occupy in the United States and abroad have achieved either LEED certification or a comparable foreign certification.
